

## Need More Help?

The MyCareCorner patient portal has application help that can provide you additional guidance on how to perform tasks and access your health record. You can access the application help from two locations:

- From the Login screen, click the **Need Help?** Button.
- From the patient portal, click the **Get Help** button located in the upper right corner of the screen.

**Need Help Logging In?**

To get started, you must create a MCC account and receive an invitation to access a personal health record.

**Logging In for the First Time**

Typically, your provider will send you an invitation email to join the patient portal. There are two steps to accessing your health information. First, create a MyCareCorner account. Second, link your health record to that account. See instructions below for detailed instructions.

**Using the Email**

From that email, click the link and create your account on MyCareCorner. If you did not receive an email in your inbox, don't forget to check your Spam or Junk folder. If you don't locate the email invitation, contact your provider to get a printed copy of the invitation letter or have them send the email invitation again.

**Patient Portal Registration Process**

During your recent visit, you were invited to register with the Patient Portal. To get started, simply register your new account by entering the following URL into your browser's address bar.

<https://southerncarecenter.org/mcc/transferwelcome.aspx?backpage=F1C4-FHNF-SM1N-YOKX-HXRS>

When prompted to enter your invitation code, please enter the following code:

F1C4-FHNF-SM1N-YOKX-HXRS

You will then be prompted to answer a verification question.

After you have entered all the required information, click the "Allow" button to complete the process. Once you receive the "Access Approved" notification on the screen, your registration is complete and you will have access to view your portal health record.
